RENEWED PETITION UNDER 37 CFR 1.47(a)

Sir:

Reconsideration of the decision to Dismiss the Petition Under 37 CFR 1.47(a) dated March 24, 2006, is respectfully requested. This renewed Petition is being filed well before May 24, 2006, and for which no extension of time fees are due.

By said decision, all the elements necessary to grant the petition were present except for a statement that inventor Roni Amrami cannot be reached after diligent effort.

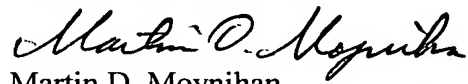

Attached please find a Declaration by Cindy Weisrose attesting that she called Israel telephone information and she was advised that there is no telephone listing for one Roni Amrami in Yokneam, Israel. Mr. Amrami's previous employer was contacted by Cindy Weisrose and was advised that they have no forwarding address for Mr. Amrami, and do not have a telephone number where he can be reached.

Accordingly, Roni Amrani cannot be reached after diligent effort.

Having addressed the items raised by the Petitions Examiner in the decision dated March 24, 2006, the granting of the Petition under 37 CFR 1.47(a) is respectfully requested.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Respectfully submitted,

Martin D. Moynihan
